Subject Index

Accidents
influence of schoolmate interaction 432
Allergy
atopic dermatitis, biotin treatment 762
atopic dermatitis, killer cell function 275
cow's milk allergy, breastfed infants 663
dietary programme in atopy 563
rubber allergy, anaphylaxis and angioedema 314
sensitization to house dust mites 716
Amino acids
plasma amino acids, effects of protein intake 42
plasma concentrations in PKU children 60
Asthma
factors influencing morbidity 826
functional residual capacity 419
non-IgE-mediated asthma 112
prevalence, Swedish schoolchildren 821
pulmonary function, longitudinal study 424
reduction of maintenance treatment, effect on pulmonary function 269

Bacteriology
alfa-haemolytic streptococci, adherence to endothelial cells 705
Chlamydia trachomatis, neonatal sepsis 916
neonatal septicaemia, staphylococci, plasmid analysis 308
p-fimbriated E. coli, neonatal intensive care 599
Bilirubin
binding, acid-base equilibrium, low birthweight 496
erythrocyte enzyme activities, oxygen radicals 349
neonatal jaundice 177
transcutaneous bilirubinometry 791, 796
Blood
Diamond-Blackfan anaemia, cyclosporine 464
haemostatic factors, newborns 485
haemolytic uraemic syndrome, salmonella dysentery 604
hypersplenism, partial splenic embolization 593
maternal pernicious anaemia, failure to thrive 310
progressive pancytopenia with malformations 773
Schönlein-Henoch purpura, epidemiology 125
thrombocytopenic purpura, coeliac disease 764

Cardiovascular system
arteriovenous fistula, iatrogenic 933
atrial natriuretic peptide, birth to adolescence 380
atrial natriuretic peptide, cord blood 76, 312
atrial natriuretic peptide, transposition of the great arteries 72
blood pressure, precocious puberty 294
ECG, newborn infants 653
infective endocarditis, alpha-haemolytic streptococci 705
neonatal supraventricular tachycardia, sotalol 171
venous thrombosis, lupus anticoagulant 767
Chromosomes
complete trisomy 2p/triploidy mosaicism 925
sister chromatid exchanges in lymphocytes, vaccination 879
45X/47, XY,+13 mosaicism, Crohn's disease 922
Cystic fibrosis
DNA-typing, borderline sweat test 448
glucose tolerance, insulin receptor binding 67
IgG2 and IgG3, increased levels 576
incidence, mortality, centralized treatment, Denmark 836
nephrotic syndrome in a child 920
pulmonary resection, bronchiectasis 569
sweat test 439
urinary collagen metabolites, pulmonary disease 842

Diabetes
adolescent amyotrophy 937
control and growth 303
diabetic pregnancy, glycation of foetal tissue 481
epidemiology of lost residual beta-cell function 852
hypoglycaemia, glucagon treatment 548
hypoglycaemia, hormonal counterregulation 542
incidence in Austria 299
neuroectodermal defects 413
trace elements and serum proteins, early changes 734
transplantation antigen expressing T lymphocytes 554
urinary sodium excretion 757
virus infections at time of diagnosis 471

Endocrinology
Bartter's syndrome, erythrocyte sodium transport 873
congenital hypothyroid goiter, maternal amiodarone treatment 616
craniopharyngioma, growth failure, weight gain 587
growth hormone deficiency, growth pattern, infancy 385
growth hormone response to growth hormone releasing hormone 681
hypocalcaemia, hyperphosphataemia, severe dehydration 251
hypoglycaemia, childhood diabetes 542, 548
hypothyroidism, congenital, psychomotor development 142
neonatal adrenocortical function 671
nesidioblastosis, somtostatin analogue treatment 467
precocious puberty, blood pressure, body size 294
precocious puberty, growth, hormone secretion 525
pseudohypoaldesteronism, familial 136
Turner's syndrome, effect of hormone treatment 699
Enzymes
erythrcyte enzyme activity, hyperbilirubinaemia 349
neuron-specific enolase 912
transient hyperphosphatasaemia 457

Foetus
adrenocortical function, birth asphyxia 671

Gastroenterology
allergic colitis, rectal bleeding 163
coeliac disease, trombocytopenic purpura 764
coeliac disease, changing pattern in Finland 408
coeliac disease, longitudinal growth 516
Crohn's disease, chromosome mosaicism 922
dumping syndrome, effect of glucomannan 279
glycinucia, glycine-supplemented oral rehydration 165
neonatal campylobacter enteritis 603
oral rehydration in acute diarrhoea 37
orocoecal transit time, constipation 583
protection against toxin-induced infantile diarrhoea, IgA 658
short chain fatty acids, intestinal microbial flora, neonates 365
small intestinal transit time 802
Growth
coeliac disease 516
craniopharyngioma, growth failure 587
diabetes mellitus 303
evaluation of newborns, abnormal intrauterine growth 214
failure to thrive, maternal pernicious anaemia 310
growth in rabbits, alternate-day cortisone treatment 693
growth hormone response to hpGHRH$_{1-44}$, cranial irradiation 681
growth pattern, infancy, growth hormone deficiency 385
head circumference and developmental ability 374
infantile growth, Lahore, Pakistan 392
low birthweight infants 10
precocious puberty, treatment with GnRH analogue 525
premature infants 326
primordial overgrowth, Weaver syndrome 930
response to growth hormone, ALL, cranial irradiation 688
response to growth hormone, short children 675
Turner's syndrome 699

Hodgkin's disease 317

Immotile cilia syndrome, neutrophil chemotaxis 606
Immunology
effect of levamisole treatment 721
enzyme-linked immunosorbent assay, cow's milk intolerance 49
fibronectin in chronic lung disease 727
growth hormone deficiency 169
hypogammaglobulinaemia, aseptic meningoencephalitis 914
IgA antibodies in breast milk, E. coli toxin 658
IgG2, IgG3 in cystic fibrosis 576
IgG4, human milk 24
immunoglobulins, low antigenic charge diets 306
killer cell function, atopic dermatitis 275
lupus anticoagulant 767
plasma antibodies to cow's milk, early weaning 807
response to growth hormone, short children 675
transplantation antigen expressing T lymphocytes, IDDM 554
Infectious diseases
congenital HIV infection, brain atrophy 776
infections due to p-fimbriated E. coli 599
indicators of undernutrition 94
pertussis, diphenhydramine treatment 614
RSV infection, recurrent wheezing in infants 711
salmonella dysentery, haemolytic uraemic syndrome 604
tuberculosis, treatment in Ethiopian children 890

Lipids
levels in children, coronary heart disease predisposition 559
Liver
disease in alfa 1-antitrypsin deficiency 847

Malformations
CHARGE-association with pulmonary stenosis 918
cutis marmorata telangiectatica congenita 780
Marfan's syndrome, homozygotic form 452
Marfan's syndrome, treatment of tall girls 537
unilateral hypomelanosis, hemimegalencephaly 446
Weaver syndrome 930
Metabolism
glycogen storage disease type 1 and 3, cornstarch treatment 531
glycogen storage disease type 9, tubercular acidosis 460
glycinuria, glycine-supplemented oral rehydration 165
hypercholesterolaemia, familial, probucol treatment 132
hyperphenylalaninaemia, malignant histiocytosis 444
juvenile neuronal ceroid lipofuscinosis 867
mucolipodosis II, neutrophil chemotaxis 608
obesity, mineral metabolism 741
PKU children, plasma amino acids 60
plasma fatty acids, newborns, feeding 202
transient hyperphosphatasaemia 257, 457
very low birthweight infants 19
Methodology
breath hydrogen test, gas collection 55
intraventricular administration of immunoglobulin 914
magnetic resonance imaging, newborns 509
transcutaneous bilirubinometry 791
Milk
cow's milk allergy in breast fed infants 663, 807
cow's milk protein intolerance 49
E. coli heat-labile toxin, IgA antibodies 658
hydrolysis, intolerance in very low birthweight infants 601
IgG4 in colostrum and human milk 24
maternal cobalamin deficiency 310
polychlorinated biphenyls in human milk 30

Nephrology
haemolytic uraemic syndrome, salmonella dysentery 604
IgA-associated nephropathies, intestinal permeability 118

kidney biopsy 161
nephrotic syndrome, cystic fibrosis 920
nephrotic syndrome, levamisole treatment 721
renal function, nephrotic syndrome, exercise 287
renal function, very low birthweight infants 191
renal tubular acidosis, glycogen storage disease 464
Neurology
absence epilepsy, epidemiology 860
brachial plexus palsy 357
brain atrophy, congenital HIV infection 776
brain maturation, magnetic resonance imaging 509
cerebral blood flow, preterm infants 625, 632, 785
cerebral malformations and pancytopenia 773
convulsions, severe dehydration 251
fifth day fits, newborns 162
intraspinal epidermoid tumour, introgenic 759
juvenile neuronal ceroid lipofuscinosis 867
lidocaine treatment, seizures in newborns 79
myotubular myopathy, high stature 610
periventricular leukomalacia, preterm infants 489
post-concussion syndrome 475
sequelae following interferon therapy 619
Newborn infants
adrenocortical function, birth asphyxia 671
allergic colitis 163
atrial natriuretic peptide 72, 76, 312
brachial plexus palsy, cause and effect 357
brain maturation, magnetic resonance imaging 509
campylobacter enteritis, lactose intolerance 603
conjunctivitis, chlamydia trachomatis, follow-up 207
ECG, comparative study 653
evaluation of growth 214
fifth day fits, type of feeding 162
forhead skin blood flow during sleep 220
gastric aspirates, hormone studies 502
goiter, congenital hypothyroid, amiodarone 616
haemophilus influenzae sepsis, initial therapy 916
haemostatic factors 485
hyperbilirubinaemia, erythrocyte enzymes 349
large-for-gestational age, neurological condition 647
myotubular myopathy 610
necrotizing enterocolitis, decline in incidence 909
parenteral nutrition, fat emulsion 332
plasma fatty acid composition 202
salt and water homeostasis, oral rehydration 37
septicaemia, coagulase negative staphylococcus 308
severe seizures, lidocaine treatment 79
short chain fatty acids, intestinal microbial flora 365
Nutrition
breast-feeding in Islam 907
childhood mortality, nutrional status, rural Malawi 260
feeding, behavioural state and cardiorespiratory control 369
indicators of undernutrition, acute infections 94
infant formula, protein content 321
parenteral nutrition, neonates 332

Ophtalmology
Xerophtalmia, prevalence in Tanzania 895
Osteogenesis imperfecta type IVA 752

Otology
beclomethasone nasal drops, nasal polyposis 612
croup, treatment with dexamethasone and epinephrine 99
juvenile laryngeal papilloma, interferon therapy 619
tonsillar obstruction, tonsillectomy 831

Pharmacology
dexamethazone, epinephrine in croup, double blind study 99
diphenhydramine, pertussis 614
sotalol, neonatal supraventricular tachycardia 171
Premature and low birthweight infants
bilirubin binding 496
bilirubinometry, transcutaneous 796
cerebral blood flow, effect of expansion of intravascular volume 785
cerebral blood flow, hypoglycaemia 632
cerebral blood flow, serial measurements 625
ECG, comparative study 653
growth and total body water 326
hydrolysis of human milk in milk intolerance 601
low-risk infants, foetal acidosis and longterm outcome 638
metabolism, intrauterine growth retardation 19
metabolism, relation to protein intake 642
mortality and morbidity, growth and development 10
periventricular leukomalacia 489
renal function 191
Psychology and psychiatry
deficits in attention, need of special treatment 450
developmental ability, head circumference 374
enuresis in seven-year-old children 148
injuries at school, schoolmate interaction 432
neonatal screening, psychological problems 226, 232, 239

Reye's syndrome, brain destruction 912
Respiratory system
fibronectin in chronic lung diseases 727
inspiratory difficuties, parainfluenza viruses 105
pulmonary resection, bronchiectasis, cystic fibrosis 569
recurrent wheezing, RSV infection 711
treatment of croup 99

Social paediatrics
breast feeding in Islam 907
child abuse presenting as bacteraemia 940
child abuse, somatic manifestations 154
childhood mortality, rural Malawi 260
children of mentally ill mothers 242
delivery outcome, maternal occupation 441
infantile growth, developing country 392
morbidity, prematurity-associated 340
neonatal screening, life stress scores in family 232
neonatal screening, parental reactions 226
neonatal screening, psychological problems 239
Sudden infant death
forensic pathology study, Stockholm 812

Surgery
partial splenic embolization 593
pulmonary resection, cystic fibrosis 569

Toxicology
alcohol intoxication, prognosis 3
methaemoglobinaemia, prilocaine hydrochloride 755
polychlorinated biphenyls, human milk 30
snake bites, antivenom treatment 597

Trace elements
chromium, daily intake in Belgian infants 402
early changes in diabetes 734
zinc, liver, foetuses, infants 85

Tumours
craniopharyngioma, growth failure, weight gain 587
intraspinal epidermoid tumour, iatrogenic 759
laryngeal papilloma, interferon therapy 619

Vaccination
acetaminophen, DTP vaccination 747
antibody response, measles vaccine, Guinea-Bissau 885
sister chromatid exchanges, lymphocytes 879
Weaver syndrome 930

Virology
congenital HIV infection 776
parainfluenza viruses, inspiratory difficulties 105

Vitamins
vitamin A and E, weight reduction 760
vitamin A, foetuses and infants 85
vitamin A, serum levels, mothers and infants 198
vitamin B12, maternal deficiency 310
vitamin D, supplementation in prepuberty 89
25-hydroxyvitamin D, congenital craniotabes 167

ACTA PÆDIATRICA SCANDINAVICA

Vol. 77. 1988

CHIEF EDITOR
R. Zetterström, M.D., Stockholm

CO-EDITORS
